

RIDE UNITED

Transportation Access

What is Ride United?

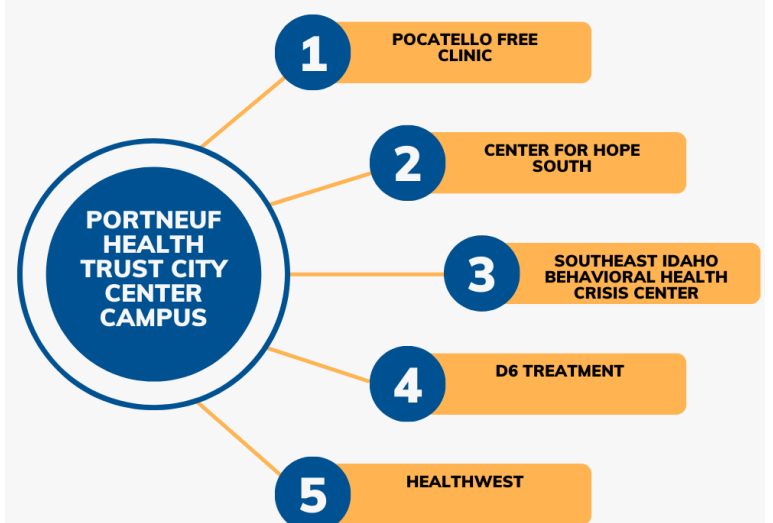

Ride United, a first-of-its-kind initiative in Idaho, offers FREE transportation for health-related activities for members of the ALICE population. ALICE stands for Asset-Limited, Income-Constrained, Employed. Our community depends on ALICE, and Ride United is dedicated to supporting some of the unseen needs of the ALICE population. This program provides transportation solutions for medical care and helps ALICE access other essential services such as dental appointments, housing support, meetings at local schools, and more.

Who benefits from Ride United?

Ride United was designed following a Community Health Needs Assessment that found 2 in 5 members of the ALICE population struggle to access transportation. By providing transportation, we can help ALICE community members access services to improve their health and wellbeing.

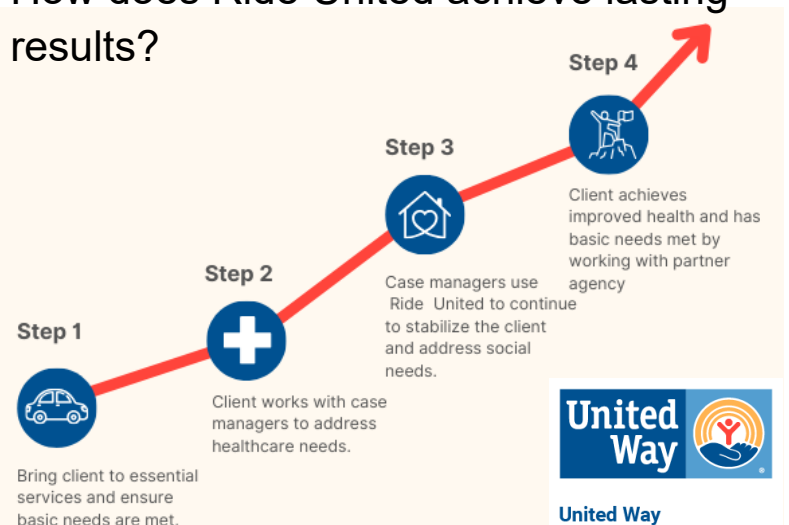

Who are the partners for Ride United?

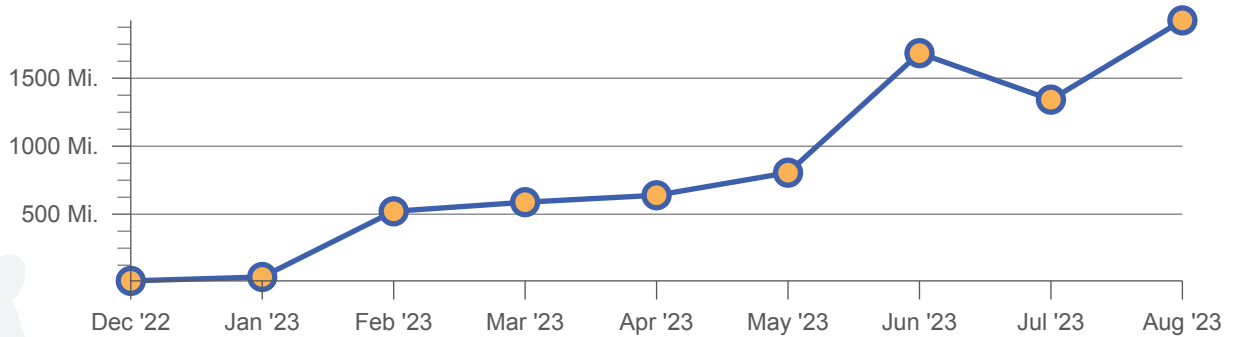

How can community members access rides?

Rides from Ride United can be booked by social workers and case managers at each partner location to help patients address their healthcare needs, including the social determinants of health.
